Victaulic Releases Revit 2019 Toolbar Update

Easton, Pa. USA – April 24, 2018 – Victaulic, the world's leading manufacturer of mechanical pipe-joining systems, today released updates for Victaulic Tools for Revit® 2019, which include enhancements to pipe routing features that speed up the preconstruction timeline.

Key features of Victaulic Tools for Revit® 2019 include:

- Assembly Manager
 - Includes easier interaction with assemblies and notifications on altered items
- Continuous Spooling
 - Reduces the clicks needed to define each pipe spool (assembly) and field joint
- Leveler
 - Easily re-associates level information after moving pieces
- Any Connect Tool
 - Makes connection simple in any view

[Click here](#) to learn more about these innovative tools.

Victaulic Tools for Revit® is designed to improve the functionality of native Revit, through the use of enhanced routing tools and an innovative platform bringing Fabrication into Revit. A free, 30-day trial of the Victaulic Tools for Revit 2019 add-in is immediately available for download at <http://www.victaulicsoftware.com>.

About Victaulic

Since 1919, Victaulic's solutions and drawing services have increased construction productivity and reduced risk, ensuring projects are completed safely, on time and within budget. Driven by a spirit of continuous innovation, Victaulic's portfolio of 100,000+ products and patented technologies promote freedom of design, safe and efficient jobsites, as well as simplified inspection and maintenance for the life of any system.

As an industry leader in Virtual Design, BIM content and software solutions, and a recognized Autodesk partner, Victaulic offers project coordination, estimation, and project management, along with BIM drawing services and hands-on training for commercial, industrial and pipeline construction business professionals. Victaulic drives industry growth by enhancing routing efficiencies and delivering cost certainty throughout the project life cycle.

With more than 3,500 employees and 40 international facilities, Victaulic helps customers in over 120 countries succeed in the global construction industry. Our solutions can be found within diverse markets, from the tallest, most complex buildings to the most rugged and deep mines across the globe. Learn more about how our innovative piping products and design services can engineer confidence into your build at www.victaulic.com.
